A Geographical Survey Of Africa

This article details the geographical distribution of speakers of the French language, regardless of the legislative status within the countries where it is spoken. French-based creoles are considered separate languages for the purpose of this article.. French became an international language in the Middle Ages, when the power of the Kingdom of France made it the second international language

Geographical renaming is the changing of the name of a geographical feature or area. This can range from the change of a street name to a change to the name of a country. Some names are changed locally but the new names are not recognised by other countries, especially when there is a difference in language.

Geographical renaming - Wikipedia

Sudan sits at the crossroads of Sub-Saharan Africa and the Middle East, and is bordered by seven countries: Egypt, Eritrea, Ethiopia, South Sudan, the Central African Republic, Chad, and Libya. Sudan also borders the Red Sea to the northeast. Its capital, Khartoum, lies at the confluence of the White and Blue Niles, and its main port on the Red Sea.

Sudan Overview - World Bank

Tracking societal values in changing times The South African Social Attitudes Survey (SASAS) is a nationally representative, repeated cross-sectional survey that has been conducted annually by the Human Sciences Research Council (HSRC) since 2003.

South African Social Attitudes Survey (SASAS) - HSRC

In little more than a century, the religious landscape of sub-Saharan Africa has changed dramatically. As of 1900, both Muslims and Christians were relatively small minorities in the region. The vast majority of people practiced traditional African religions, while adherents of Christianity and ...

GEOGRAPHY - University of Washington

The geography of Genesis 2 is difficult to interpret. As far back as Josephus we find attempts to locate the setting of the Garden in Eden. 1 Augustine affirmed that Eden was an actual place, though he allowed for allegorical meanings. 2 He also tried to explain the four rivers of Eden by positing that some might have flowed underground. 3 Martin Luther believed that the global Flood changed ...
