

Area Studies Programmes In Indian Universities An Appraisal And Review 1st Edition

Area Studies Programmes In Indian

Area studies (also regional studies) are interdisciplinary fields of research and scholarship pertaining to particular geographical, national/federal, or cultural regions. The term exists primarily as a general description for what are, in the practice of scholarship, many heterogeneous fields of research, encompassing both the social sciences and the humanities.

Area studies - Wikipedia

European studies is a field of study offered by many academic colleges and universities that focuses on current developments in European integration.. Some programmes offer a social science or public administration curriculum focusing on developments in the European Union. These programmes usually include a combination of political science, EU public policy, European history, European law ...

The Centre for WTO Studies was set up in the year 1999 to be a permanent repository of WTO negotiations-related knowledge and documentation. It was also envisaged that the Centre would evolve into a research unit with interest in trade in general and WTO in particular to finally develop into an independent think tank in the area.

Welcome to Centre for WTO Studies
