Alzheimer's disease (AD), also referred to simply as Alzheimer's, is a chronic neurodegenerative disease that usually starts slowly and gradually worsens over time. It is the cause of 60–70% of cases of dementia. The most common early symptom is difficulty in remembering recent events. As the disease advances, symptoms can include problems with language, disorientation (including easily ...

Alzheimer's disease - Wikipedia

Abstract Background Alzheimer's disease is characterized by the deposition of amyloid-beta (A β) plaques in the brain. A β is produced from the sequential cleavage of amyloid precursor protein ...

1. Introduction. Fluoride, the ionized form of the halogen element fluorine, exists widely in the environment and is the most electronegative and reactive among all elements (ATSDR, 2010). Its well-known cariostatic effect led to the addition of fluoride to water, salt, and milk in some countries.

Prenatal fluoride exposure and attention deficit ...

Summary: The International League Against Epilepsy (ILAE) and the International Bureau for Epilepsy (IBE) have come to consensus definitions for the terms epileptic seizure and epilepsy. An epileptic seizure is a transient occurrence of signs and/or symptoms due to abnormal excessive or synchronous neuronal activity in the brain.

Epileptic Seizures and Epilepsy: Definitions Proposed by ...

Down syndrome is by far the most common and best known chromosomal disorder in humans and the most common cause of intellectual disability. It is primarily caused by trisomy of chromosome 21 (see the image below), which gives rise to multiple systemic complications as part of the syndrome.

Doença de Alzheimer é uma doença neurodegenerativa crónica e a forma mais comum de demência. [1] [2] A doença manifesta-se lentamente e vai-se agravando ao longo do tempo.[1] [2] O sintoma inicial mais comum é a perda de memória a curto prazo, com dificuldades em recordar eventos recentes. [1]Os primeiros sintomas são geralmente confundidos com o processo normal de envelhecimento ou ...
