Abstract. You are an experienced Project Manager with a good track record and some successful projects under your belt. So how do you take your career to the next level, and become a program manager?

### **Becoming a program manager--moving your career to the next ...**

Conclusions. Program management is a distinct discipline from project management, and although most project management roles are present in programs (since programs contain projects), there are roles within program management that hold distinct responsibilities and as such require particular skills that differ from their counterparts in projects.

### **Assess Your Skills - The Cisco Learning Network**

Aviation instructors need a good understanding of the general characteristics of learning in order to apply them in a learning situation. If learning is a change in behavior as a result of experience, then instruction must include a careful and systematic creation of those experiences that promote learning.
