

Machine Design A Cad Approach

Machine Design A Cad Approach

BIM Solutions. Man and Machine will help you design, build and operate through a range of technologies that bring true innovation across the entire building lifecycle, incorporating software from Autodesk, Solibri, Aconex and Ecodomus, as well as our own software solutions.

Man and Machine

Computer-aided design (CAD) is the use of computers (or workstations) to aid in the creation, modification, analysis, or optimization of a design. CAD software is used to increase the productivity of the designer, improve the quality of design, improve communications through documentation, and to create a database for manufacturing. CAD output is often in the form of electronic files for print ...
