Mind Of The Raven Investigations

The common raven (*Corvus corax*), also known as the northern raven, is a large all-black passerine bird. Found across the Northern Hemisphere, it is the most widely distributed of all corvids. There are at least eight subspecies with little variation in appearance, although recent research has demonstrated significant genetic differences among populations from various regions.

Star Trek Reviews - SF Debris

A truly religious poem is not born merely of a religious purpose. Neither poetry nor contemplation is built out of good intentions. Indeed, a poem that springs from no deeper spiritual need than a devout intention will necessarily appear to be at the same time forced and tame.
