

Seven Summits The High Peaks Of The Pacific Northwest

Seven Summits The High Peaks

The Seven Summits are the highest mountains of each of the seven continents. Climbing to the summit of all of them is regarded as a mountaineering challenge, first achieved on 30 April 1985 by Richard Bass. The Seven Summits achievement has become noted as an exploration and mountaineering accomplishment.

Seven Summits - Wikipedia

The Volcanic Seven Summits are the highest volcanoes on each of the seven continents, just as the Seven Summits are the highest peaks on each of the seven continents. Summiting all seven is regarded as a mountaineering challenge, first postulated as such in 1999.. Two of the Volcanic Seven Summits are also in the Seven Summits list. Mount Kilimanjaro and Mount Elbrus, which were formed ...

Volcanic Seven Summits - Wikipedia

Seven Summits Expeditions Climb the Highest Peaks on the Seven Continents. The highest peaks on each of the seven continents - collectively nicknamed "The Seven Summits" - began to gain attention as a climbing objective in the late 1980's after the publication of the book of the same name by Dick Bass and Frank Wells.
