### **The City State In Europe**

A city-state is a sovereign state, also described as a type of small independent country, that usually consists of a single city and its dependent territories. Historically, this included cities such as Rome, Athens, Carthage, and the Italian city-states during the Renaissance. As of 2019, only a handful of sovereign city-states exist, with some disagreement as to which are city-states.

Name. The name Vatican City was first used in the Lateran Treaty, signed on 11 February 1929, which established the modern city-state. The name is taken from Vatican Hill, the geographic location of the state. "Vatican" is derived from the name of an Etruscan settlement, Vatica or Vaticum meaning garden, located in the general area the Romans called vaticanus ager, "Vatican territory".

Historical conceptions Greek and Roman precedents. The history of the Western state begins in ancient Greece. Plato and Aristotle wrote of the polis, or city-state, as an ideal form of association, in which the whole community's religious, cultural, political, and economic needs could be satisfied. This city-state, characterized primarily by its self-sufficiency, was seen by Aristotle as the ...
