### **The Encyclopedia Of Codenames Of**

The list of Apple codenames covers the codenames given to products by Apple Inc. during development. The codenames are often used internally only, normally to maintain secrecy of the project. Occasionally a codename may become the released product's name.

### **List of Apple codenames - Wikipedia**

Microsoft codenames are given by Microsoft to products it has in development, before these products are given the names by which they appear on store shelves. Many of these products (new versions of Windows in particular) are of major significance to the IT community, and so the terms are often widely used in discussions prior to the official release. . Microsoft usually does not announce a ...

World War II (WWII or WW2), also called the Second World War and, in the Soviet Union, the Great Patriotic War, was a global war involving fighting in many parts of the world and many countries. Most countries fought in the years 1939–1945 but some started fighting in 1937. Most of the world's countries, including all the great powers, fought as part of two military alliances: the Allies and ...
