Magic is a category into which have been placed various beliefs and practices considered separate from both religion and science. Emerging within Western culture, the term has historically often had pejorative connotations, with things labelled magical perceived as being socially unacceptable, primitive, or foreign. The concept has been adopted by scholars in the humanities and social sciences ...

Magical Contracts. by Kalen Darkmoon. Summary: In Goblet of Fire, JKR established that it was absurdly easy to bind other witches and wizards unwillingly into binding magical contracts with a simple school-taught confundus charm. So, what if Harry took note of that and decided to do something about it himself? Disclaimer: I own nothing of the the world of Harry Potter.
