

*Tractatus De Globis Et Eorum Usu A Treatise Descriptive Of The
Globes Constructed By Emery Molyneux*

Tractatus De Globis Et Eorum

Emery Molyneux (/ ˈ ɛ m ə r i ˈ m ɒ l i n ɒ s / EM-ər-ee MOL-in-oh; died June 1598) was an English Elizabethan maker of globes, mathematical instruments and ordnance. His terrestrial and celestial globes, first published in 1592, were the first to be made in England and the first to be made by an Englishman.

Emery Molyneux - Wikipedia

Aratus applied the mythical name Ἐριδανός (Eridanos) to this constellation although many other authorities, including Ptolemy in the Almagest, simply called it Ποταμός (Potamos), meaning river. Eratosthenes had another identification: he said that the constellation represented the Nile, 'the only river which runs from south to north'.
