

## *Transformations In Indian History*

### **Transformations In Indian History**

Indian agriculture began by 9000 BCE as a result of early cultivation of plants, and domestication of crops and animals. Settled life soon followed with implements and techniques being developed for agriculture. Double monsoons led to two harvests being reaped in one year. Indian products soon reached the world via existing trading networks and foreign crops were introduced to India.

The history of New Mexico is based on both archeological evidence, attesting to varying cultures of humans occupying the area of New Mexico since approximately 9200 BC, and written records. The earliest peoples had migrated from northern areas of North America after leaving Siberia via the Bering Land Bridge. Artifacts and architecture demonstrate ancient complex cultures in this region.
